PROJECT DESCRIPTION

This is a General Plan Amendment to amend a portion of the Southeast Sector of the Centennial Hills Master Plan from C (Commercial) to LI/R (Light Industry/ Research) on 1.45 acres at 2701 Westwood Drive. The applicant proposes to utilize the subject parcel as a Custodial Institution for up to 100 parolees, with accessory dog training facilities within an existing Office/Warehouse building. If denied, the associated Special Use Permit for a Custodial Institution cannot be approved, as the use is too intense for the existing General Plan designation.

ISSUES

- The proposed LI/R (Light Industry/Research) General Plan designation is consistent with the M (Industrial) zoning district, which will allow more intense uses, including the proposed Custodial Institution, and would be compatible with the surrounding land uses; therefore, staff is recommending approval of the request.

ANALYSIS

The subject site is located in the Southeast Sector of the General Plan and has a current General Plan designation of C (Commercial). This is a proposal to amend the General Plan designation to LI/R (Light Industry/ Research). The Light Industry / Research category allows areas appropriate for clean, low-intensity (non-polluting and non-nuisance) industrial uses, including light manufacturing, assembling and processing, warehousing and distributions, and research, development and testing laboratories. Typical supporting and ancillary general uses are also allowed. This category may also allow mixed-use development with a residential component as a transition to less-intense uses where appropriate. The LI/R (Light Industry/ Research) General Plan designation is compatible with the surrounding industrial and warehouse uses.

A companion application for a Special Use Permit (SUP-34598) has been submitted for a Custodial Institution use, and will utilize an existing Office/Warehouse to provide living space, re-entry programs, in-house counseling and job placement assistance for up to 100 parolees. The proposed use is permitted with the approval of a Special Use Permit in the M (Industrial) zoning district, and is consistent with the LI/R (Light Industry/Research) General Plan designation; therefore, staff is recommending approval of this request.
